<< TEN DAYS OF PACKARD >>

August 17—26, 2018

The purpose of Ten Days of Packard (TDOP)...

...is to encourage members to be seen driving their Packards in August when the State of Michigan lets owners of cars with historic plates drive anywhere, not just to club events. We want members to drive to wherever they want and send in pictures to be posted on our website or in the Digest or the National Club's News Bulletin.

The one MCP kick-off event is the Berkley Cruise Fest on Friday, August 17. Info and registration form on other page.
